 3. For operational reasons, personal information of children and other staff may be shared between staff members. All data must be stored securely on the SHL school server and/or Microsoft Teams system and held only for as long as is necessary to complete the task for which the information was assigned.

Equal Opportunities

The curriculum in our school is designed to provide access and opportunity for all children who attend the school. If we think it necessary to adapt the curriculum to meet the needs of individual children, then we do so in consultation with their parents. This may include children who have special needs or children with English as an additional language.

Children with Additional Needs

For pupils with additional needs, we comply with the requirements set out in the SEN Code of Practice. The SENCO and the child's class teacher will decide on the action needed to help the child to progress in the light of any observations and assessments they have made. This may include;

- different learning materials or special equipment;
- some group or individual support;
- extra adult time to devise the nature of the planned intervention and to monitor its effectiveness;
- staff development and training to introduce more effective strategies;
- access to LA support services for one-off or occasional advice on strategies or equipment;

Resources

A wide range of resources will be used to provide remote-learning. Many of these will be the same resources used in class however, on occasion, the teacher will adapt resources to reflect they will be used at home. Additional resources may be acquired and must be approved by a member of the Senior Leadership Team to ensure they meet with the requirements of school policies on GDPR, Copyright and other considerations.

Evaluation

This will be done quarterly against criteria agreed by the Headteacher, SLT and Chair of Governors. It may, however, be reviewed at any time in the interim period to respond to national or local guidance. Any changes must be communicated with all the stakeholders referred to in this document.
