

Newsletter 16 July 2021

Dear parents and carers,

It's been great to finally see some sunny weather and I'm happy to share some of the photographs we took during part 2 of the KS1 sports day. The children had a wonderful time and were great competitors. I also need to say a big congratulations to our Italian fans who were undoubtedly thrilled to bits with the Euros result last Sunday. There were a few very tired and emotional children in school on Monday, but hopefully they all enjoyed our festival of football and it gave our England fans bit of a boost! We had an impromptu staff v children football match which was enjoyed by all and definitely brought out a competitive element in some of the staff I've not seen before, so I've included some photographs of that too!

Fr Gerard blessed our new prayer garden

On Thursday afternoon our Year 3 children joined Fr Gerard for a special blessing in our new prayer garden. It's a really beautiful and tranquil space which will provide a setting for the children to enjoy a moment of reflection and prayer. Many thanks to Fr Gerard for coming and making the official opening so special.

Please support Jacob's charity lemonade and cupcake sale!

He has also had some really exciting news from the WWF who are going to feature him in the September edition of their WWF Go Wild magazine! If you've got some time on Saturday it would be fantastic to go and support him and help the WWF at the same time!

ART FOR WILDLIFE

I'm passionate about wildlife and want to use my artistic skills to raise money to help protect rainforests like the Amazon. I drew a giant lizard, mouse, rabbit, crocodile, chimpanzee and poison dart frog, then created sets of gift cards to sell and raise money for WWF. So far, I've raised £287. I don't want to be a chimp, but I do want to be a chimp's friend. I've also started a chimp club at school, which can help us fight climate change. To help keep rainforests standing, I've also started buying items with sustainable palm oil in them.

YOUR TIGER BOARD GAME COUNTERS

Calling all tigers looking for a new forest home! We'd need three typical counters to find your way safely through the forest on page 11. Good luck!

Year 1 butterfly news

Year 1 have been learning about life cycles in Science. This week our butterflies have left their chrysalides and we have to feed them nectar daily. We have learnt that when a butterfly leaves their chrysalides, they release Meconium. A big thank you to Mrs Parker for donating this to Year 1.

Children –v- staff football match

Congratulations to everyone who took part in the children –v- staff football match on Monday. It's probably safe to say that the teams and rules were very "fluid" but lots of fun was had by all! A particular mention needs to go to Mrs Edwards, Mr Fenton, Miss Williams and Mr Bott who put up a great performance for the staff!

Next week, each class will be writing part of the newsletter sharing their favourite moments from the year. It promises to be a good one and I hope you enjoy it.

Please look out for an email from me early next week where I'll communicate the logistics about the return to school in September.

Have a wonderful weekend and don't forget to support Jacob!

God Bless

Mrs Harper
