

Our Wonderful World

Year 2 - Summer

A *natural wonder* is a natural place that is in nature. They are considered the most magnificent on Earth. Mount Everest, Paricutin Volcano, The Grand Canyon, Victoria Falls, The Harbour of Rio de Janeiro, the Great Barrier Reef, and the Northern Lights.

A *human wonder* is a marvellous building that shows the abilities of humans to construct amazing features on Earth. There are ancient human wonders and modern human wonders. **Ancient human wonders:** (Before Jesus was born) The Great Pyramid of Giza, the Hanging Gardens of Babylon, the Statue of Zeus, the Temple of Artemis, the Mausoleum, the Colossus of Rhodes, the Lighthouse of Alexandria. **Modern human wonders:** (now): The Great Wall, Machu Picchu, The City of Petra, Chichen Itza, Christ the Redeemer, the Colosseum and The Taj Mahal.
