<https://www.firstpalette.com/printable/cube.html> - free printables and craft resources
Use the cube template - download and make a 'New-Life' cube. Spring is arriving and God is giving new life to many plants and flowers. Go out into the garden and look for signs of new life, encourage children to draw what they see on each side of the cube. Build the cube and once finished use the cube as a prayer dice and through your daily prayers thank God for what he has created.
